THE MAGNET

1951

The Magnet

presented by

The Senior Class

of

nineteen hundred fifty-one

St. Joseph High School

Saginaw, Michigan

FOREWORD

The nineteen hundred fifty-one Magnet was compiled with a two-fold purpose in mind; namely, to foster greater devotion to God the Holy Spirit, the Third Person of the Blessed Trinity, and to present in word and picture how we are taught to pray, to study, and to play at St. Joseph High School.

May you who read our Yearbook gain a fuller knowledge of the Holy Spirit to the end that you will go to Him for enlightenment when life's problems perplex you.

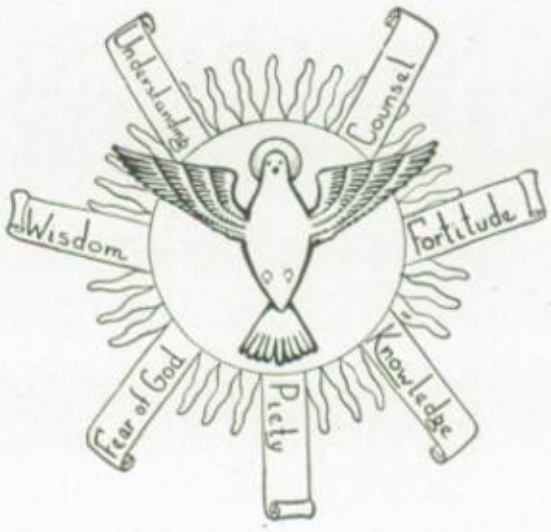
As the various phases of our school life unfold, you will come to realize the importance and dignity of a Catholic High School education and conclude that no sacrifice is too great in the course of Catholic Education.

Class Colors: Nile Green and White

Class Flower: American Beauty Rose

Class Motto: *"There is so much good in the worst of us*
And so much bad in the best of us,
That it ill behooves any of us
To talk about the rest of us."

DEDICATION



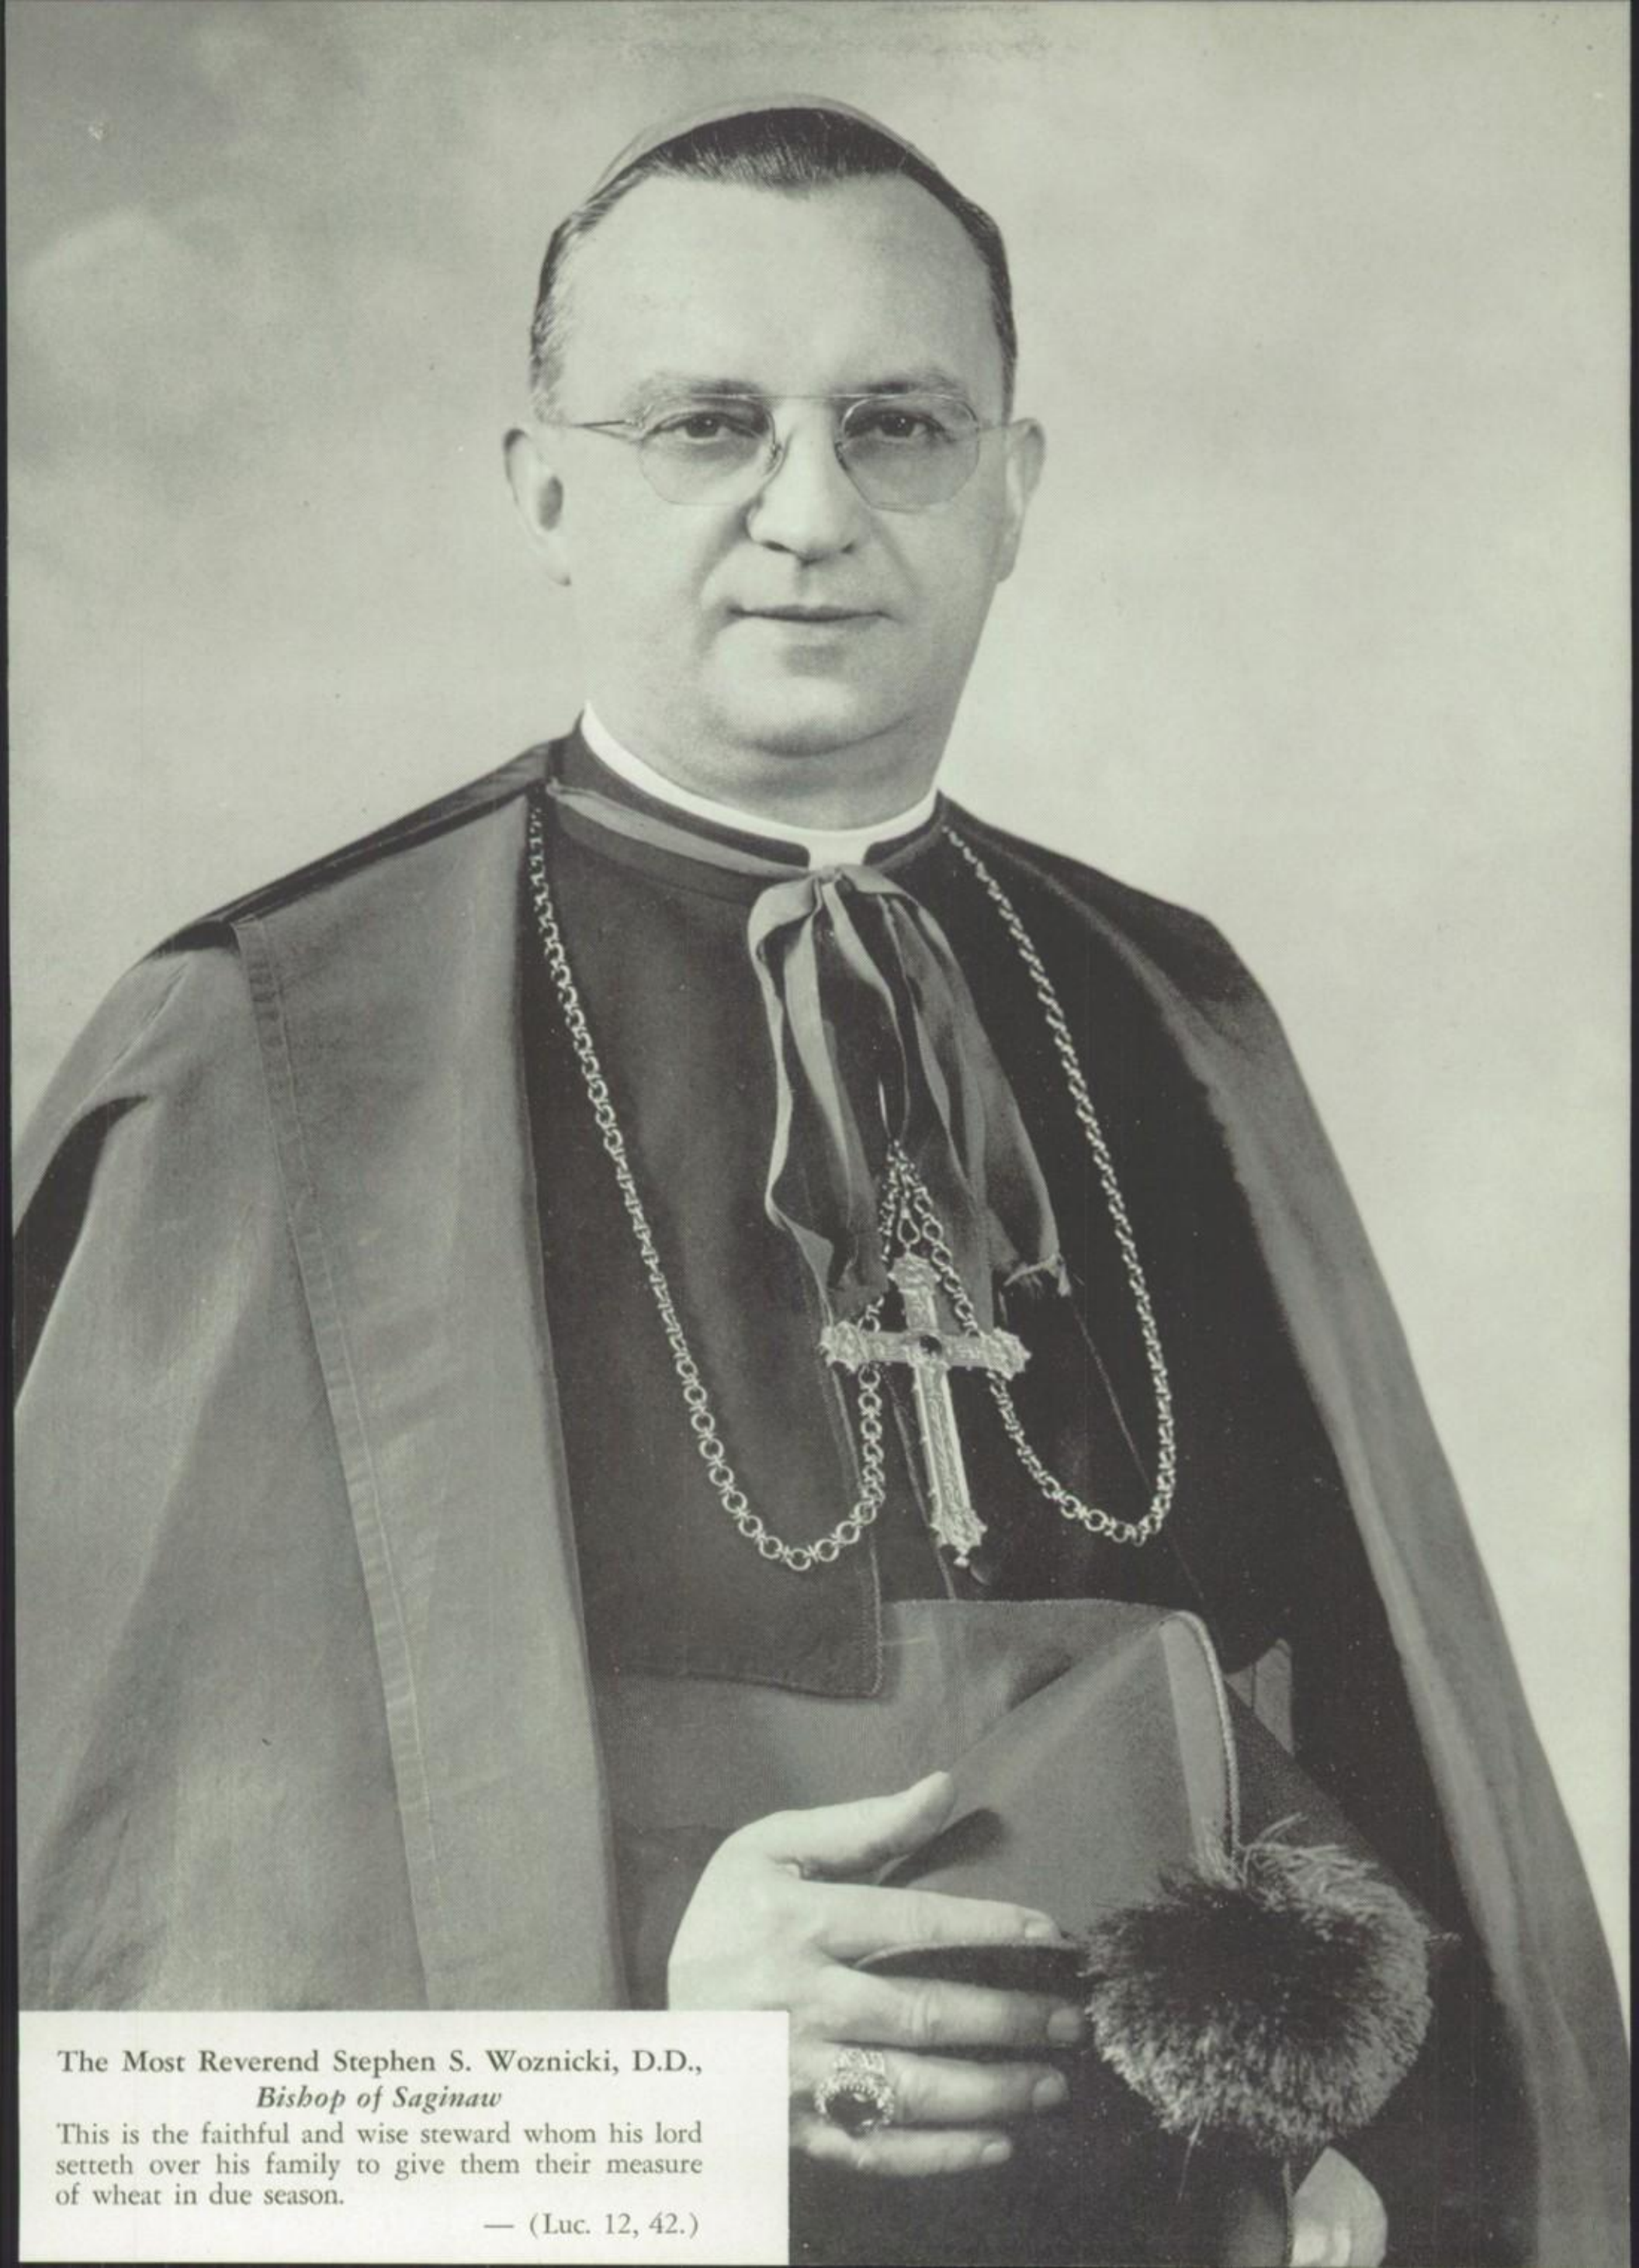
Thou Who art called the Paraclete
Best Gift of God above
The Living Spring, the Living Fire
Sweet Unction and True Love

The Seniors of nineteen hundred fifty-one are about to step into a world in which the Light of the Holy Spirit does not penetrate in its fulness the hearts of men. Darkened by the shadows of war, weighed down by the forces of evil and burdened by the pressure of unscrupulous principles on the part of those who understand not the power and unction of the Holy Spirit, it is obvious that there can be no true joy or peace in the twentieth-century world.

Being fully aware that we, by virtue of our Catholic training, have in a great measure been given to understand the glories of the grace of the Holy Spirit and His work of sanctification in the Mystical Body of Christ, we are eager to have others share our blessings to the end that there soon may be a visible growth of the Kingdom of God in the souls of all men. With this purpose in mind we reverently dedicate our Annual, *The Magnet,* to the Holy Spirit. May you who read its pages come to a fuller understanding that without the grace of the Holy Spirit there is nothing good, nothing pure; but where His Light shines in the hearts of men, there radiates true joy, love of neighbor, and lasting peace.

His Holiness Pope Pius XII

Bishop of Rome and Vicar of Jesus Christ
Successor of St. Peter, Prince of the Apostles
Supreme Pontiff of the Universal Church



The Most Reverend Stephen S. Woznicki, D.D.,
Bishop of Saginaw

This is the faithful and wise steward whom his lord setteth over his family to give them their measure of wheat in due season.

— (Luc. 12, 42.)

The Very Reverend Harold J. Bolton,
Ph.D., S.T.D., J.C.L.

He merits our gratitude for his labor and interest in our behalf, and for the trust he has placed in the class of nineteen hundred fifty-one.

ASSISTANT PRIESTS

Father Theodore LaMarre

Father Theodore LaMarre, a friend of both old and young, always had time to listen, to advise, and to help. No matter how complicated the case might be or how impossible the situation may have seemed, he could always find a solution.

Along with his many parish duties Father also taught Religion classes daily. He was the inspiration and director of the Living Stations presented on Good Friday.

The students of St. Joseph sincerely appreciate the consideration he showed them during the five years he was with us. It was with deep regret that they saw him go, for he had become a part of their life. All wish his Godspeed in his new undertakings.

Father Joseph Roach

Father Joseph Roach came to St. Joseph on August 22, 1948. In this short time he has won the hearts of all the students and parishioners. His priestly zeal coupled with his genuine friendliness and quiet helpfulness marks him as both a Father and a pal.

Father teaches Religion, Civics, and Sociology. As Athletic Director, he enthusiastically supported us in all our sports. The success of the Passion Play was due to his masterly directing. The students are deeply grateful for his Fatherly interest and untiring efforts in their behalf.

Father Mason Leo Vaughn

Although our newest Assistant, *Father Mason Leo Vaughn,* came to St. Joseph as recently as April 12, he is already "at home" both in school and in the parish. His reputation as an apostolic and fervent priest and an enthusiastic instructor has followed him from Our Lady of Lake Huron, Harbor Beach, where he has been stationed for the past year since his ordination last June.

The student body extend a hearty welcome to Father Vaughn. They hope that his stay will be long and a source of happiness and blessing to him and to them.

Father Aristodemo Rodriguez

Loaned by His Grace, Archbishop Crisanto Lugue of Bogota, Columbia, *Father Aristodemo Rodriguez* has been at St. Joseph for the past two years. Although he does not teach classes in school, he is a familiar figure about the grounds and is well known by the students. Father is still shy about speaking English, but he has done much work among the Spanish-speaking people of the City of Saginaw.

The students appreciate Father Rodriguez's apostolic work and are hopeful that the Archbishop will find it possible to allow him to remain in their midst for many years.

FACULTY

Since 1937 Sister Mary DeLellis, O.P., Principal of St. Joseph School, has welcomed students at the opening of the scholastic year. Left to right: Phyllis Meo, Josephine Verduzco, James Schultz, Sister M. DeLellis, Donald Webber.

Because our Faculty have been deeply endowed by the Holy Spirit with the Gift of Wisdom, they have cooperated with Him in inculcating in our souls a true appreciation of the things of the spirit, to the extent that we are equipped to face Life's problems, and by using God's proffered graces successfully to combat powerful enemies — the devil, the world, and our own evil inclinations — which threaten us on every side.

We are sincerely grateful. Our faithful adherence to the Christian principles which they taught us will be the greatest proof of our gratitude.

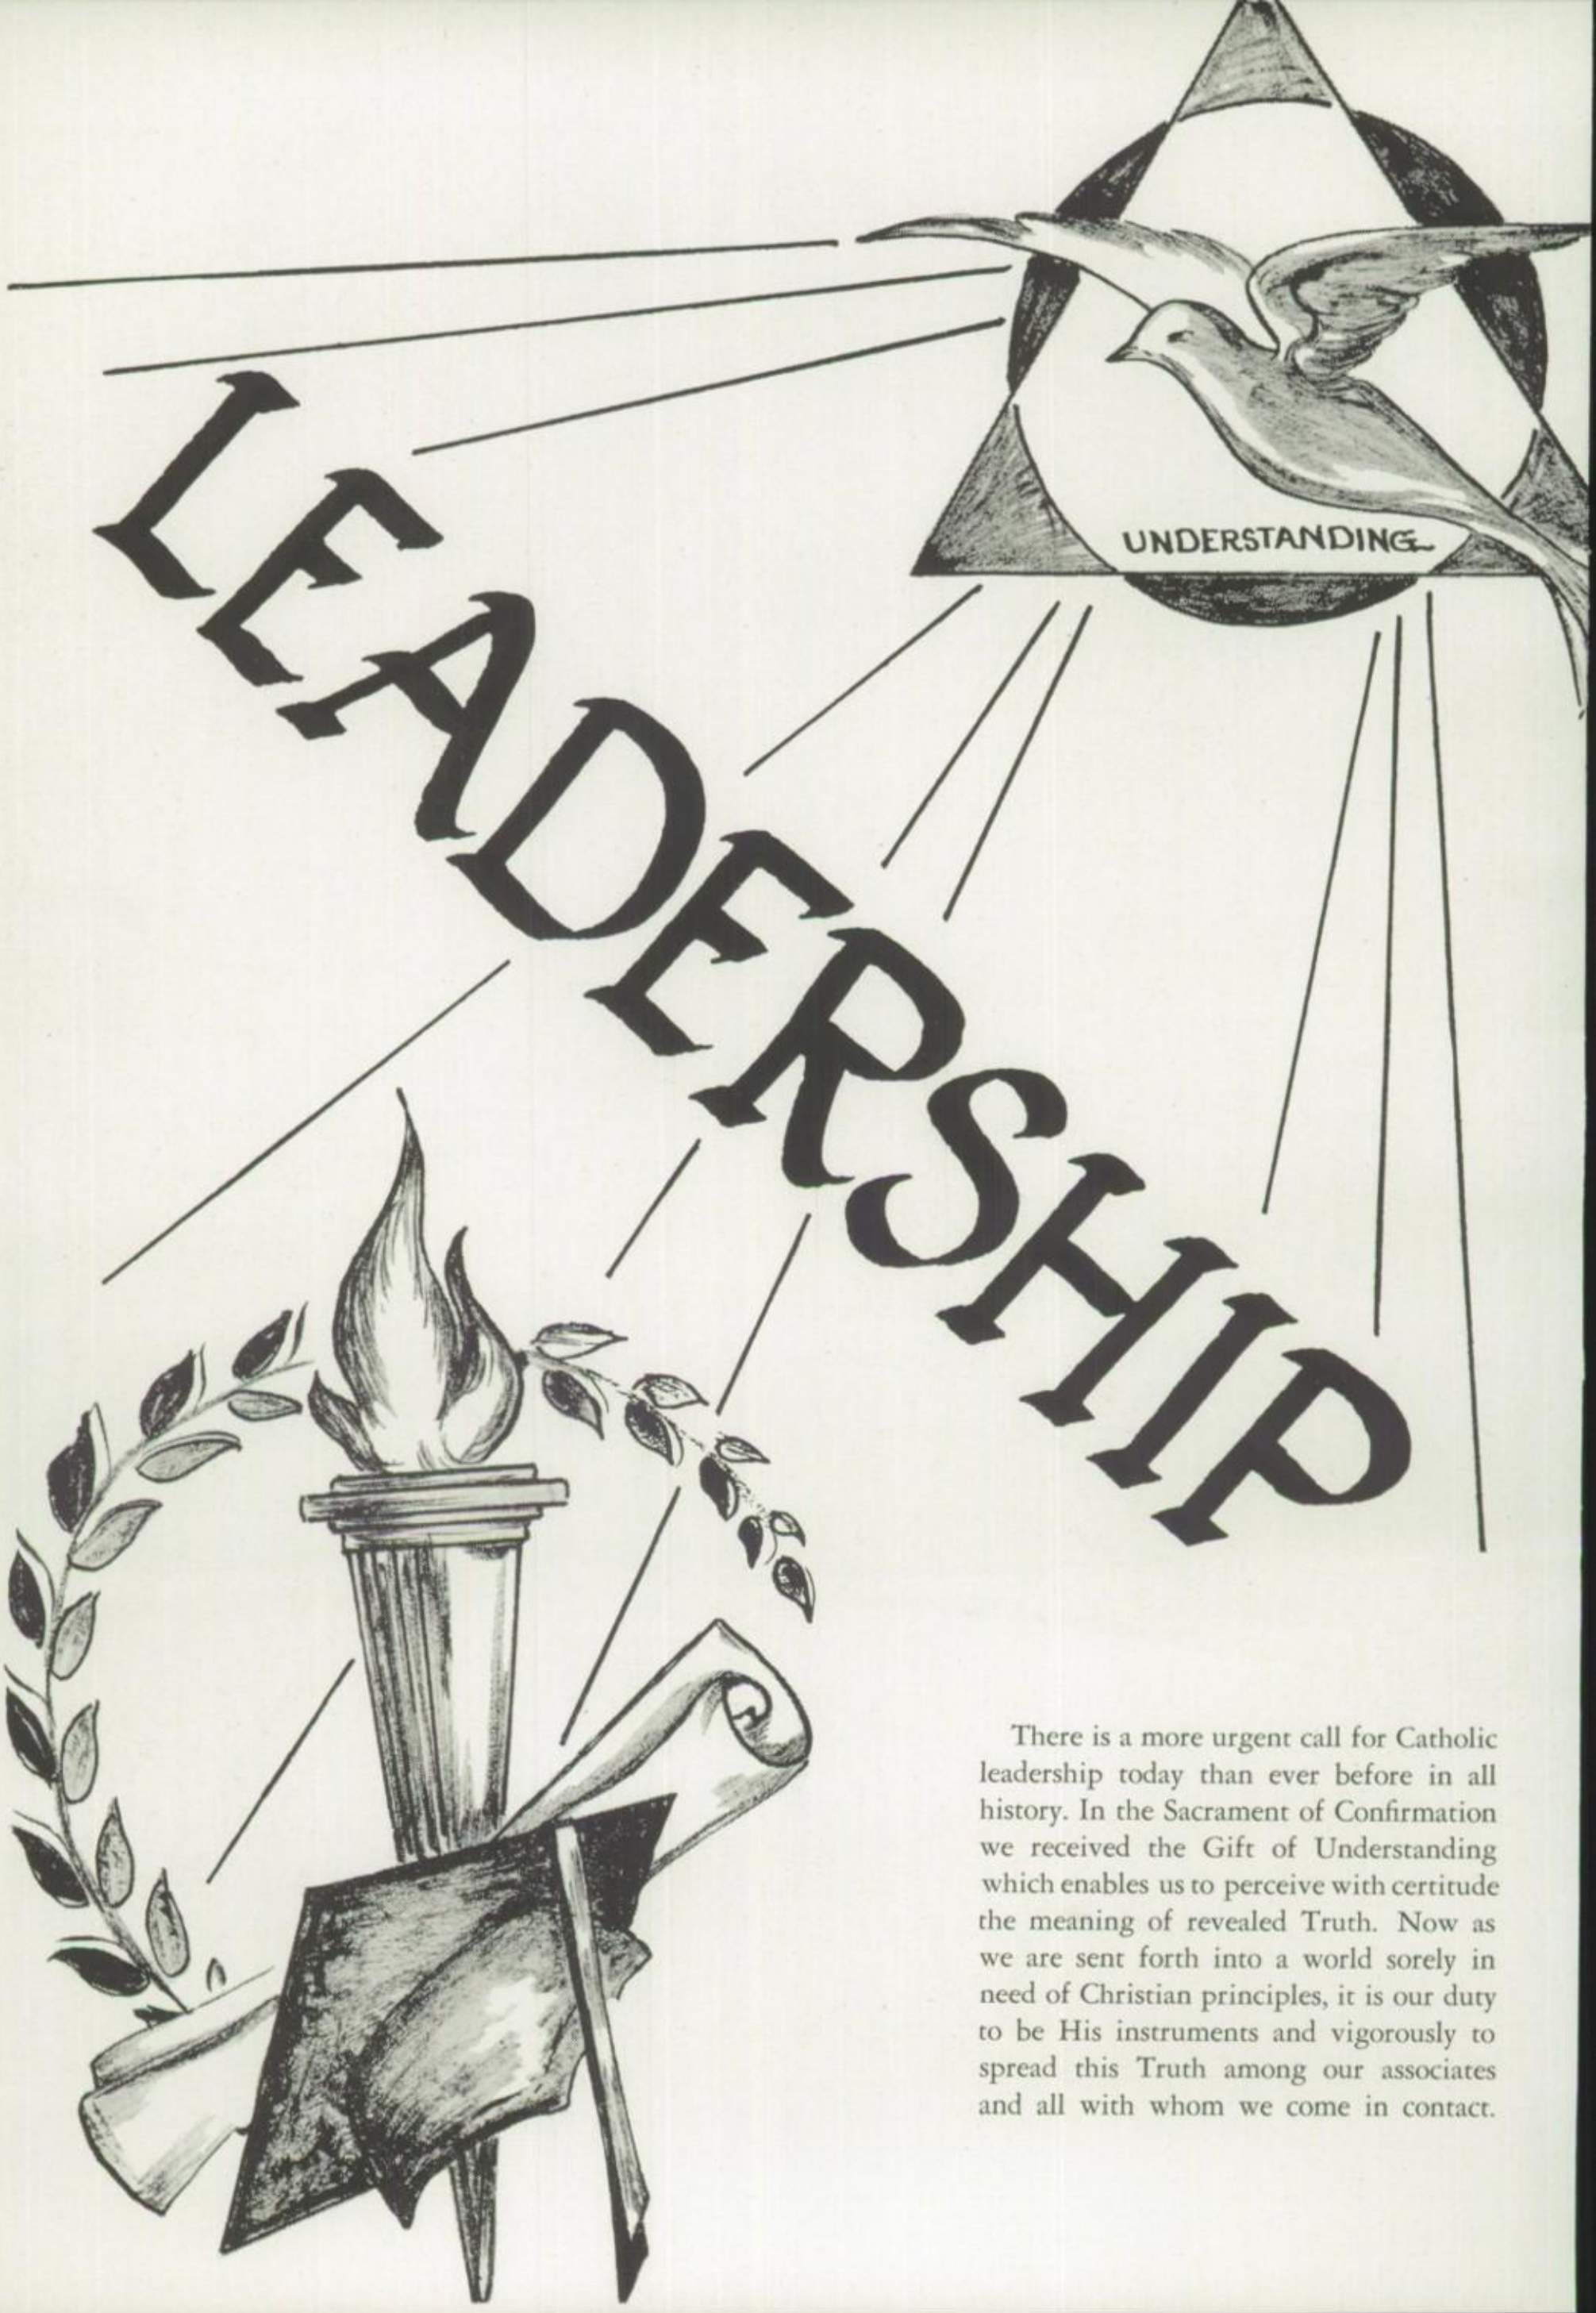
Wisdom

LEADERSHIP



There is a more urgent call for Catholic leadership today than ever before in all history. In the Sacrament of Confirmation we received the Gift of Understanding which enables us to perceive with certitude the meaning of revealed Truth. Now as we are sent forth into a world sorely in need of Christian principles, it is our duty to be His instruments and vigorously to spread this Truth among our associates and all with whom we come in contact.

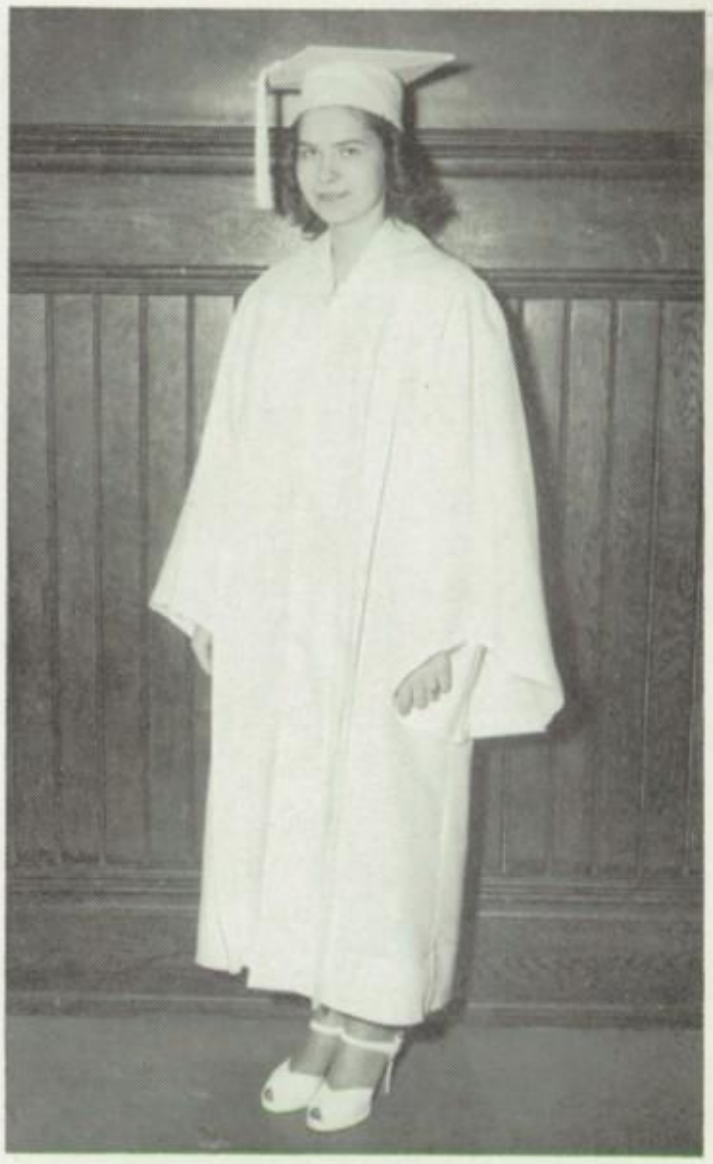
Rita Mrozinski, Salutatorian

Honor Students

Scholastic honors for the Class of 1951 went to Kathleen Moriarty and Rita Mrozinski who earned 294 and 286 points respectively. Perseverance in application to studies receives its due reward.

Students who won Honorable Mention by meriting the next highest number of points are as follows:

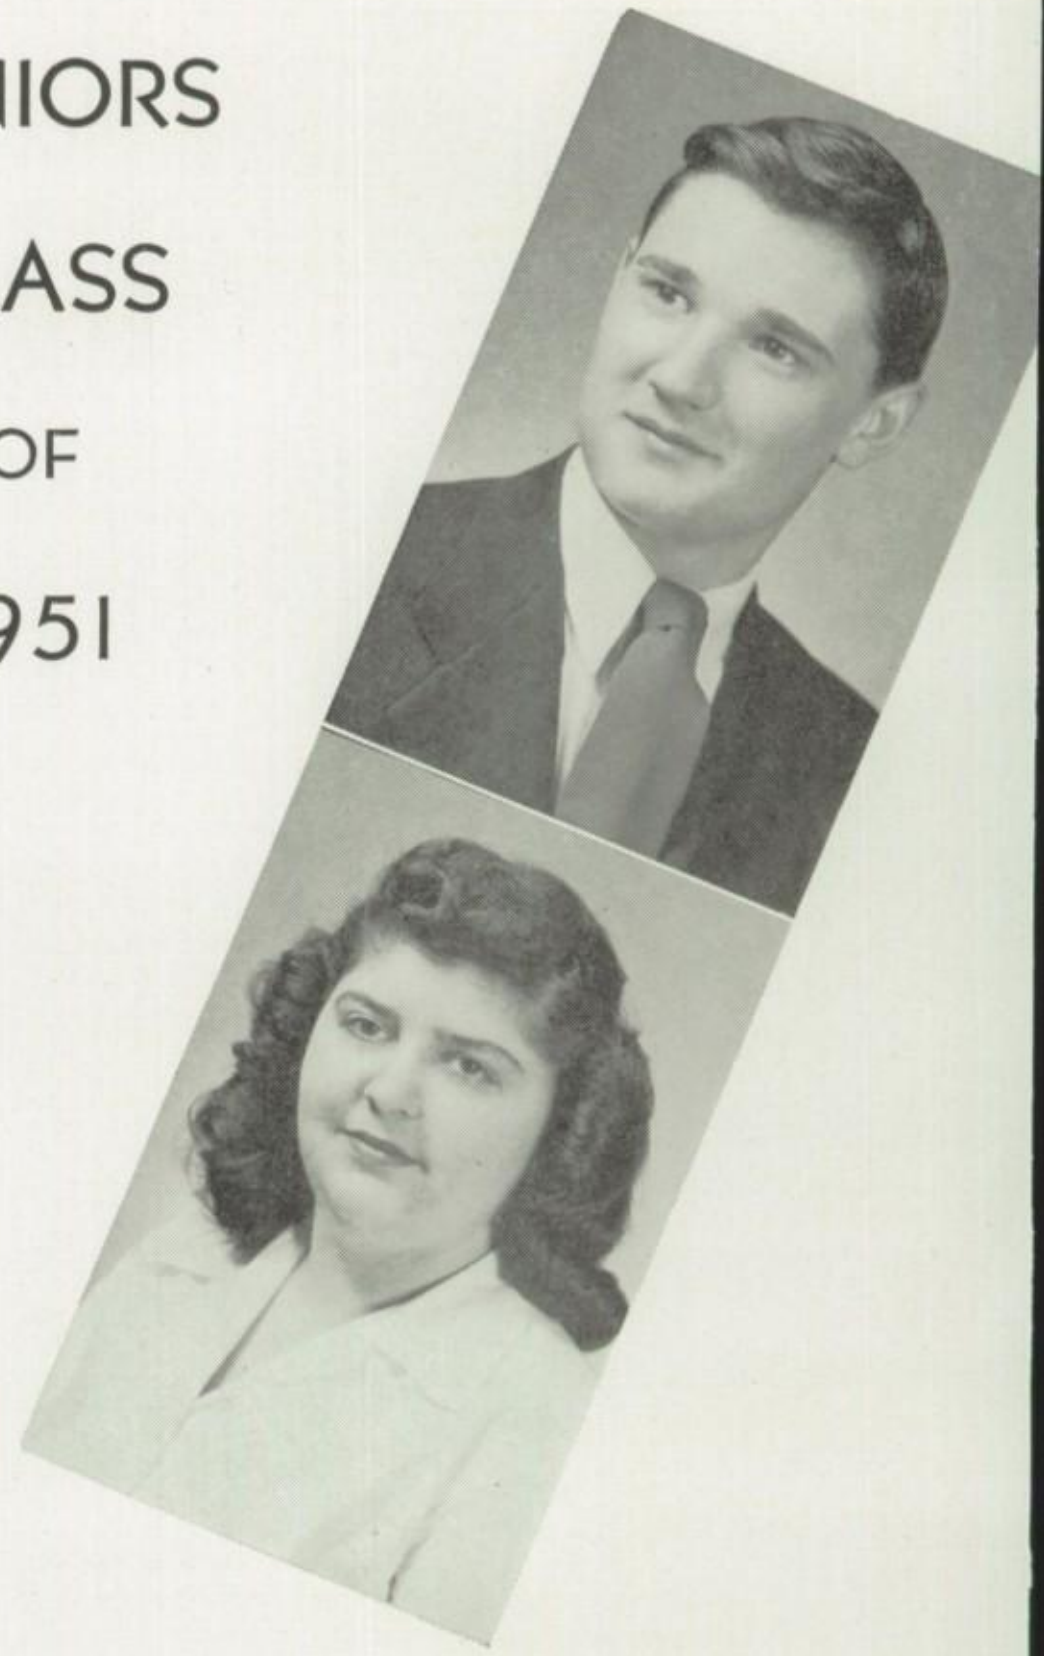
Ann Marie Neuerburg 283½
Suzanne LeRoux 250½
Eleanor Miklosovic 225
Elaine Nowaczyk 222½
Mary Ellen Packard 216½
Therese Dupuis 205



Kathleen Moriarty, Valedictorian

Class Officers, left to right: Charles Laundra, Secretary; Mary Wujkowski, Vice-President; Therese Dupuis, Treasurer; James LaDrig, President.

SENIORS CLASS OF 1951



James LaDrig

President

"It is much easier to be critical than to be correct."

"Jim" is a true Frenchman, popular with girls and boys (especially girls). He participates in all sports, but his favorite is football. He possesses a line as smooth as his dancing.

Charles Laundra,

Secretary

"Man frees himself by overcoming himself."

Every class has its "Charlie" but we have the original. If all the boys were like him, there would be no wallflowers. This boy would rather dance than eat, sleep or study.

Mary Wujkowski

Vice-President

"Knowledge comes, but wisdom lingers."

Mary lives by the proverb, "Still water runs deep." Her executive ability was demonstrated as she performed the duties of class vice-president. Everytime a buzz is heard, Mary automatically reaches for the plug and instinctively says, "Operator."

Therese Dupuis

Treasurer

"A heart of gold with a smile for all."

"Tessie" has the sunny disposition which allows her to see only the best side of people. She is gay and fun-loving, but she has her serious moments. The class entrusted their funds into her safe-keeping.

James Schultz

"I may not be the wisest, but I have fun."

"Jim" is an experienced salesman. His favorite occupation is drawing cars and his main ambition is to be a designer and inventor. "Tuhy" has enough energetic drive to accomplish all he sets out to do.

Dorothy Seman

"In her tongue is the law of kindness."

"Dot" is easily contented when knitting, listening to the radio, or reading poetry. Topping Dorothy's list of favorite songs is "Holiday for Strings." The violet is her favorite flower. Thanks to her, all classes start on time.

Joyce Civello

"Short in stature but tall in ideas"

is "Joycie" who comes from Mt. Carmel. "If I take a child's part in many more plays, I'll never grow up," says this faithful Student Councilor. She likes swanky clothes and four-inch heels.

Nancy Kwiatkowski

"A quiet girl with a helping hand for everyone."

Because "Nan" is such a demure little girl, everyone is surprised at her skill in her favorite sports, bowling, skating and horseback riding. In her leisure time Nancy enjoys reading and taking pictures.

Alice Guevara

"Her quiet manner ne'er offends, To help out all her nature tends."

When brothers think you are "great", it must be true; so, "Alicia" must be perfect. Her warm grin dispels all clouds and scatters sunshine everywhere. No wonder her frineds are many.

Margaret Espinoza

"A little shy, perhaps, but never too shy to be friendly."

Margaret is a quiet girl and easy to get along with. She is amiable, reserved and definitely feminine. Dancing is her favorite recreation; homemaking is her choice of occupation.

Mary Panico

"Seldom heard, but always there."

Quietness is her way of expressing satisfaction. One of Mary's favorite pastimes is singing; she also belongs to the softball team. She is a true Sodalist and an active member of the Library Club.

Bruce Pickelmann

"I'll get there; give me time."

"Kraut" is a tall, lanky lad who was voted class cartoonist. He is an ardent baseball fan, but his first love is football. If his life goes as planned, he'll own a radio and television shop.

Richard Ruyts

"Silence, is golden so fare ye well."
Though quiet you are, we think you're swell."

"Cactus" is by far the most shy boy in the class, but he gets around. Uncle Sam has invited him to join the naval reserves. "I love horses," says he, but he makes good use of his car. Trademarks: Car and cow-boy boots.

Jean Kocis

"Words are golden nuggets, guard them well."

Quiet raised to the nth degree describes this lass. Her words during class can easily be counted, but . . . when school is done? She manages her Ford "with the greatest of ease" and is most obliging to all who need a "lift".

Mary Stachura

"There is always time for laughter."

A smile a day keeps one merry and gay, according to "Sparky". She has more of a reputation for love of fun than for study, but we like her as she is. When you hear giggling, look for Mary.

Phyllis Meo

"A pearl of great price."

This is a perfect description of Phyllis. "Phyl" is efficient in many sports but is at her best when on the ice. Her popularity with her classmates was proved when she was elected as attendant to the basketball queen.

Cleo Garcia

"For she is just a quiet kind
Whose nature never varies."

Oratory is not Cleo's forte, but then, someone has to listen. Her quiet, plodding perseverance has brought her to her goal, Graduation. At a party her dancing feet are never still.

Beverly Hagen

"It is more blessed to give tha to receive."

A sea of freckles divided by a Irish nose depicts "Bev", our In diantown special. She love dancing, especially among he own neighbors and friends. Bev erly faithfully reports all inc dents which occur while she is o duty as student councilor.

Theresa Gonzales

"A merry heart doth good like a medicine."

Happiness reigns everywhere within the radius of "Teddy's" smile. Anyone connected with Guadalupe Center will testify to this. Her laughing disposition makes school life much easier to bear. Her greatest joy is helping others.

Patricia Lewandowski

"Never a frown, nor an unkin word but always happy an gay."

Mischief sparkles in "Pat's brown eyes and sets off her plea ing personality. She studies . . yes . . . but, when there is fun t be had, count on Patty. Dancin and swimming are her favori pastimes.

Ann Wade

"Pleasant she was, and loved a jest as well,
And in demeanor she was amiable."

From the time they said, "It's a girl" until the last time someone said, "What a girl!" "Annie" has been bubbling over with fun. Do not let that timorous exterior deceive you.

Alexandra Martinez

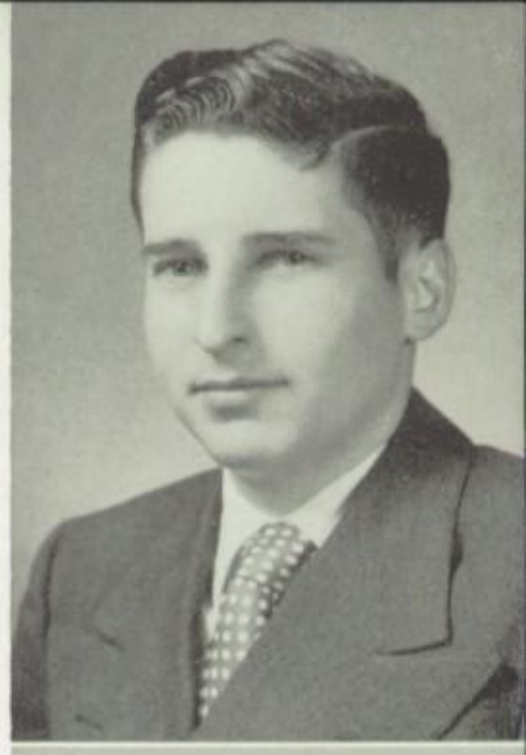
"She that hath knowledge
Spareth her words."

We know "Alex" by the noise she doesn't make. Behind that quietness is a plentitude of wisdom that everyone hears when "Public Speaking" is the English assignment. A pleasing blush bespeaks her modest pleasure.

Donald Webber

"A man of few words is the best of men."

"Don", up with the sun, opens the school doors before Mass every morning. This quiet, likeable fellow spends most of his leisure time on Bookkeeping. Few suspect his love of poetry.



Sally Espinoza

"Precious things come in small packages."

This is "Sal". Cheerily she smiles, as through the day she fulfills her tasks. Her artistic genius adds the finishing touch to THE MAGNET. This sweet-tempered collector for the Credit Union gets results.

Paul Hagen

Student Council President
"Here's a lad who's really handsome, For him we'd offer any ransom."

"Junie" is the executive of the class. He was selected the Student Council President for '51 and Mayor on Student Government Day. Undoubtedly his great interest in agriculture will make him a successful citizen.

Josephine Maldonado

"Modest and shy, but nice to know."

So quiet is her manner that we sometimes forget that she is there, but with a little coaxing she becomes gay and talkative. When there is something to be done, ask her, and she pitches in with a will.

Frances Santino

"Faithful worker, always on time
Her future is bound to be fine."

Dependable "Fran" could always be counted on when there was extra work for the paper or Yearbook. She is a movie fan and likes to listen to the radio as she crochets or knits. Yellow is her favorite color.

Lupe Rocha

We'll remember Lu for quite a while."

With the twinkle of the Sunny South in her eyes, Lu goes about her duties as treasurer for the Credit Union. A smart dresser and a good dancer, she is an active member of the Comeximo and Talpaquanias Clubs.

Eleanor Miklosovic

"Light green eyes, dark brown hair, Full of vim this maiden fair."

"Babe" is a popular cheerleader and has been the most faithful follower of the team. An asset to any party and an Honor Student, too. Her carefree ways will always endear Eleanor to us.

Mary Ellen Packard

"We really hate to see her go, A nicer gal we'll never know."

"Toots' is blue-eyed — she's dimpled. Mary Ellen's portrayal of a Dominican Sister in the Jubilee pageant was extremely realistic. She has been unanimously voted "Party Goer No. 1."

Kathleen Moriarty

"As eager to do as she is tall For Alma Mater she gives her all."

"Mickey", Irish through and through, reigned as Queen of the Basketball Homecoming game. Her steady application brought the honor of Valedictorian. Painting cards is her hobby; music is her joy.

Thomas Bennett

"Mischief and I are great Pals."

Curly h e a d e d, green-eyed, teasing "Tom"; everyone knows him by these traits. Tom was Associate Editor of *The Magnet,* Paper and Yearbook. The position of guard on the basketball court was Tom's big joy. As Junior Class President he proved a strong leader.

Jacqueline Sage

"Oceans of pep, and a laugh on every wave."

This slim miss consumes enough food for a dozen people, but she dosen't gain a pound. This enthusiastic cheerleader is a lover of sports. "Jackie" is always there for a party or a dance.

Sandra Cardinal

"Her name may be Cardinal, but she sings like a lark."

She loves fun, especially enjoys her own jokes, and is the life of every party, but she can be serious. "Sandy's" favorite song is "When Johnny Comes Marching Home."

Dennis Tafoya

"I couldn't be good if I would, and I wouldn't be good if I could."

All through the years of High School no one has furnished more laughs. His efficiency in handling money is proved by the fact that he was selected Treasurer for both the Sodality and the Credit Union.

Patricia Packard

"It's the little things that count in life."

"Patty" is always full of vim and pep. She's lots of fun and is liked by everyone. Bowling is her favorite sport and she loves dancing. Her spirited cheerleading added to her popularity with everyone.

Lorraine Bawolski

"With a smile that starts at the mouth and works its way up to the eyes."

"Larry" is a peppy cheerleader, able to raise the players' spirits from the lowest depths. This competent business manager of THE MAGNET has an unforgetable smile that chases away gloom.

Robert Midose

"Tall and stately like a pine, Noble character, sincere and fine."

As Prefect of the Sodality Bob was a successful leader. He was selected City Attorney on Student Government Day. As Co-captain for the Bucs, Bob gave his all to basketball. His favorite place is "Bud's"; his favorite pastime — eating.

John Foley

"There are two sides to every argument, mine and the wrong one."

"Jack's" witty remarks add zest to any group. Chief-of-Police on Student Government Day, Co-Captain of the Bucs, altar boy, and Business Manager of THE MAGNET; these are only some of his jobs.

Ann Marie Neuerburg

"Who said 'Silence is Golden?' Not I."

"Annie" loves every phase of school life, even penalty hour; but she is Secretary of Our Lady's Sodality, an Honor Student, and takes first place in Stenography. With her journalistic flair she faithfully reports school activities to the CATHOLIC WEEKLY.

Suzanne LeRoux

"Ready for work, ready for fun She lives content, envies none."

"Gus" is one of the roving kind. We find Suzy always full of ambition whether as Sodality Vice-Prefect, cleaning her basement for one of the numerous parties, or striving for a nurse's career. "If you knew Suzy like we know Suzy" you too would be convinced she is "tops".

Raymond Novak

"It's nice to be natural, when you're naturally nice."

"Ray" is one who is usually seen but not heard. This "Lone Whistler" is an enthusiastic basketball fan. He has an inclination for the outdoors and has goodly intentions of becoming a successful farmer.

Mary Lou LaVigne

"Soft blonde hair; sparkling eyes, Always happy, always wise."

"Lulu" is a girl who is charming to know. She uses her lovely voice to give glory to God and pleasure to her friends. Mary Lou is a Student Councilor who keeps peace and order with a smile that compels cheerful obedience.

Barbara Maxwell

"A happy heart maketh a merry countenance."

A gay disposition, a radiant smile, generous enthusiasm, add them all together and the sum is "Barb". At parties and games you'll always find her in the midst of gaiety. Her big brown eyes radiate peace and contentment.

Delmar Dupuis

"A quiet and friendly lad is he,
Never discouraged is Delmar D."

Delmar kept his rich tenor voice a secret, but it was discovered in time to enrich the Passion Play. His French gesticulations and witty answers enlivened the Senior Class.

Josephine Verduzco

"Young in limbs, in judgment old."

She is one of those rare persons who is nice all of the time. "Josie's" portrayal of Mary in the Tableaux of the Living Stations on Good Friday was an inspiration to all. Prediction: A successful secretary.

Joan Poineau

"Next to excellence is the appreciation of it."

"Poin" who joined us in the Sophomore year belongs to the Credit Union Board of Directors and is the Secretary of the Apostolic Committee. Hospitalization did not lessen her avid interest in basketball nor her love of dancing.

Elaine Nowaczyk

"I judge people by what they might be, not by what they are or will be."

Her radiant smile is pleasing to all those who know her. She is a great lover of music, and enjoys dancing above everything else, especially the "Polkas".

Frank Vargas

"Wise as a serpent, gentle as a dove."

Frank is co-editor of the school paper and yearbook and on Student Government Day was City Manager. Although Frank has the reputation of the "class thinker", he could also be called "class mischief-maker."

Rita Mrozinski

"Patience is a necessary ingredient of genius."

"Reet" has been on the honor roll ever since she entered St. Joseph. As co-editor of THE MAGNET she gave generously of her time and her talent. She is a skilled artist on both organ and accordian. She made the Charleston popular.

Bernadine Wizner

"Dark hair, eyes the same,
"Never will change except in name."

"Bern's" lovely soprano voice sang forth with the students from all parts of the United States when they broadcast from Cleveland at the National Convention. She loves sports and is "right there" in all school activities.

Florence Rychel

"Of a good beginning cometh a good end."

Beautifully arrayed in the fanciest style goes "Flossy" to the dances. Music is her hobby and frankness her virtue. Working hard as a clerk has developed a sense of responsibility. "Flo" loves clothes and up-dos.

Theory is futile unless put into practice. Therefore, at St. Joseph School we are given the opportunity to assist at the daily Sacrifice of the Mass, to receive the Sacraments of Penance and Holy Eucharist frequently, to make an annual Retreat, and to do Our Lady's work through her Sodality. These were but some of the means afforded us to live the teachings of Holy Mother Church which we learned in our Religion Classes. The habits thus formed will be our greatest asset in life.

We pray that the Holy Spirit will continued to assist us with His Gift of Counsel by which we can judge rightly what should be done in specific cases and the best means to do it.

Three Memorable Days - Retreat

Days of hushed silence and quiet peace — January 24 to January 26. Textbooks are laid aside and the entire time is devoted to the consideration of God and our spiritual welfare.

Reverend Harry S. Smith, C. SS. R., skilled in the spiritual art of saving souls, conducted the Retreat. He stressed three things that we should always remember: Think, Pray, Study.

Left, Father Harry Smith chats with Raymond Novak and Delmar Dupuis between conferences.

Right, Father Harry Smith confers with Mary Lou LaVigne and Sally Espinoza.

The May Crowning

Sodalists the world over show their love and veneration for Mary, the Mother of God and of men. Especially during her months of May and October do they sing her praises and hold processions in her honor.

At the right is pictured our Sodality leaders as they crown their Queen. Left to right, Joan Poineau, Mary Lou McDonnell, Dennis Tafoya, Robert Midose, Suzanne LeRoux, Edward Barrera, Ann Marie Neuerburg, Mary Lou LaVigne.

ADVENT WREATH

Monsignor Bolton blessed the Advent Wreath assisted by the two altar boys, Jack Foley and Frank Vargas. Father LaMarre explained the significance of the wreath. Daily in church we recited the appropriate prayers.

THE GOLDEN MASS

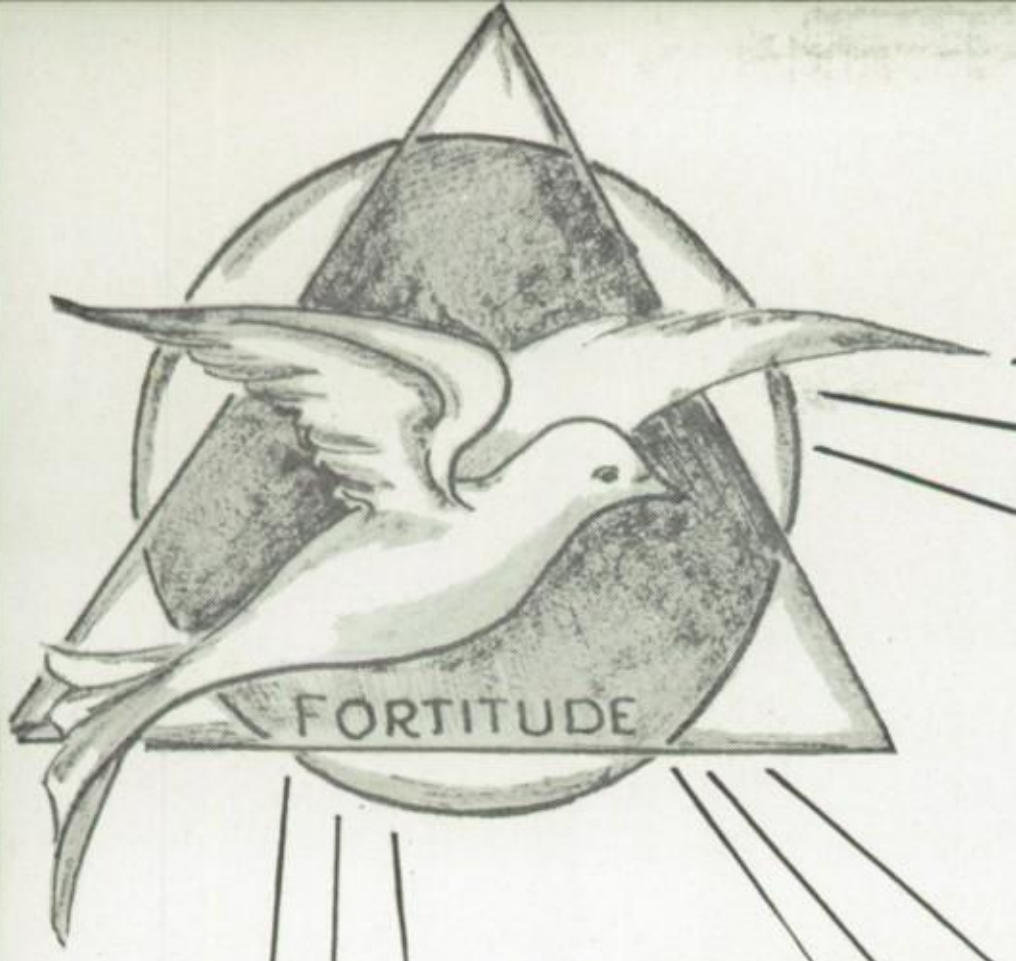
At the Golden Mass, an annual event here at St. Joseph, the students present their offerings for the poor in union with Christ's Sacrifice.

ALTAR BOYS

Faithful Altar Boys: left to right, Dennis Tafoya, Thomas Bennett, Robert Midose, Monsignor Bolton, Jack Foley, Frank Vargas, James LaDrig.

The Passion Play

The Passion Play has become an annual affair. This year the underclasmen under the direction of Reverend Joseph Roach, presented THE UPPER ROOM. The play given March seventeenth and eighteenth, was an inspiration for the coming Holy Week.



ACADEMICS

At times it required supreme effort to concentrate and to persevere in study. But our accumulated credits show that we have what is termed an Academic Education. During these school days we needed and received the sustaining power of the Holy Spirit through the Gift of Fortitude.

In the future we must be prepared to struggle even more vigorously against the evil influences of the world and the power of the Prince of Darkness. However, we do not fear for we are confident that fortified by the training we have received and sustained by the abiding power of that same Holy Spirit we shall be victorious.

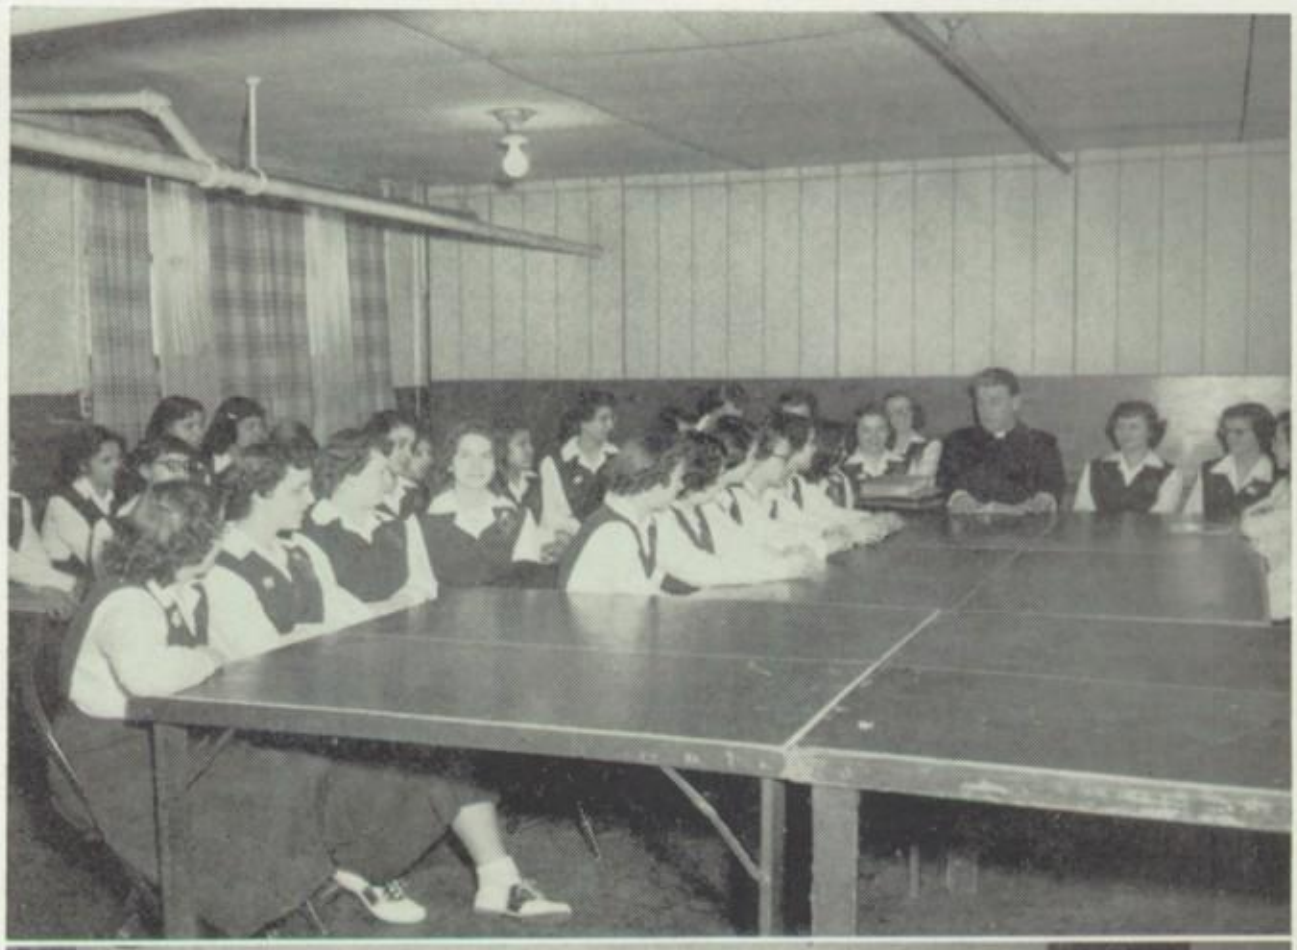
RELIGION

The Senior Boys were instructed by Monsignor Bolton in the proper preparation for the reception of the Sacrament of Matrimony and the obligations therein assumed. He stressed the point that the father of the family must be *the head* in fact as well as in theory.

The Junior Girls have acquired a greater appreciation of the Holy Ghost in His roll of Defender of the Faith and Sanctifier of Souls. They also studied the life and virtues of the Blessed Virgin and made a survey of the various vocations in general.

Father Roach gave the Freshmen the foundation for all religious knowledge in the life of Christ, for "He who knows Me knows the Father." He is the Way to be followed, the Truth to be studied, and the Life to be imitated.

RELIGION



The Senior Girls were fully informed by Monsignor Bolton of the obligations a woman has to safeguard the sacredness of Marriage during the period of courtship and after the reception of the Sacrament. The mother must be the heart of the home, the helpmate of her husband.

The true meaning of the Mystical Body of Christ was the subject of the Junior Boys religion class. These students now realize how closely they are united by grace with the rest of the people of the world, regardless of race or color, under the common Fatherhood of God.

Under the direction of Father LaMarre the Sophomores have become better acquainted with the structure and history of the Church. The example of Christ, Her Founder, and of the Saints from every walk in life have been an inspiration impelling all to sanctity.

SOCIAL SCIENCE

American History

Tracing through the struggles of our forefathers in establishing our country has given the Juniors a greater appreciation of our Democratic Way of Life which respects the dignity of man as a child of God.

Ancient History

The Freshmen followed the rise and fall of the early nations and peoples and the gradual formation of what developed into our present culture. They learned to realize that there is a vast difference between the pagan and the Christian civilizations.

Civics and Sociology

Through these most important subjects the Seniors became acquainted with the institutions which have developed as a result of man's social nature. They provided a direct preparation for fulfillment of their political and social obligations.

Modern History

In studying the results of the Renaissance and the Reformation and the rise of modern nations, the Sophomores received the key to the many problems which beset the world today. The solution is only in the undoing of these evils.

ENGLISH

English Literature

The Seniors tried to find in Literature a means by which they will gain a greater appreciation and enjoyment of life. Shakespeare's portrayal of human nature was especially helpful.

Sophomore English

In second year English there is a combination of the study of Literature with that of composition. The Sophomores became very proficient in the use of Parliamentary Law.

American Literature

Through the study of Literature the Juniors became better acquainted with American ideals portrayed therein, and with the contributions of our native authors to the World of Letters.

Freshman English

The Freshmen reviewed the principles of grammar and were introduced into the field of more advanced Literature. They especially liked Book Reports and Parliamentary Law.

SCIENCE

Chemistry

In this scientific age one must know his Chemistry in order to keep apace with progress. Experiments are fun if everything turns out as it should. Carefulness eliminates mistakes and explosions or accidents.

General Science

The Freshmen were delighted with this introduction into the various branches of science. The section of Astronomy was most amazing. They also discovered that there are many common things about which they were unaware.

Biology

Some prefer the study of plants, some the section on animal life; but all agreed that they most enjoyed the study of human physiology. The microscope revealed new worlds. Field trips were not work but a pleasure.

MATHEMATICS

Solid Geometery

Trig was difficult, but not impossible. Geometry was more interesting because the figures could be constructed. Both are excellent for developing the power of concentration and logical thinking.

Algebra I

The Seniors may think Elementary Algebra is simple, but in the beginning it is a bit confusing to the little Freshman. However, there is a pleasant satisfaction in finding the value of X and having it check correctly.

Plane Geometery

Geometry is a most important branch of Mathematics as it is a requisite for nearly every department of higher education and because it has many practical applications. The construction of original designs is always interesting and often has surprising results.

Economic Geography

Through Economic Geography the student becomes acquainted with the traits and customs of the people of the world. They also learn how man has made use of natural resources to improve his way of life.

Bookkeeping

In Bookkeeping the Seniors are trained for a position in the business world and also taught to budget their earnings so as to develop a systematic way of spending and saving.

Latin II

The Sophomores became proficient in the reading and translating of the language of the Church. They were also introduced to Roman legends and followed Caesar through his Gallic Wars.

Latin I

Every Catholic is eager to become more familiar with the language of Holy Mother Church. The Freshmen are privileged to study it in order to pray and sing in closer union wtih the Church in Her Liturgy.

COMMERCIAL

Shorthand I

Accuracy is important in the mastering of the fundamentals of Shorthand. This subject is useful in taking class notes as well as in securing a position.

Shorthand II

These students worked hard to increase their speed. Secretarial Practice gave them special training in office work and prepared them to hold a good position.

Typing II

Advanced Typing enabled the students to acquire greater accuracy and speed. They acquired skill in typing all kinds of business forms and in cutting stencils.

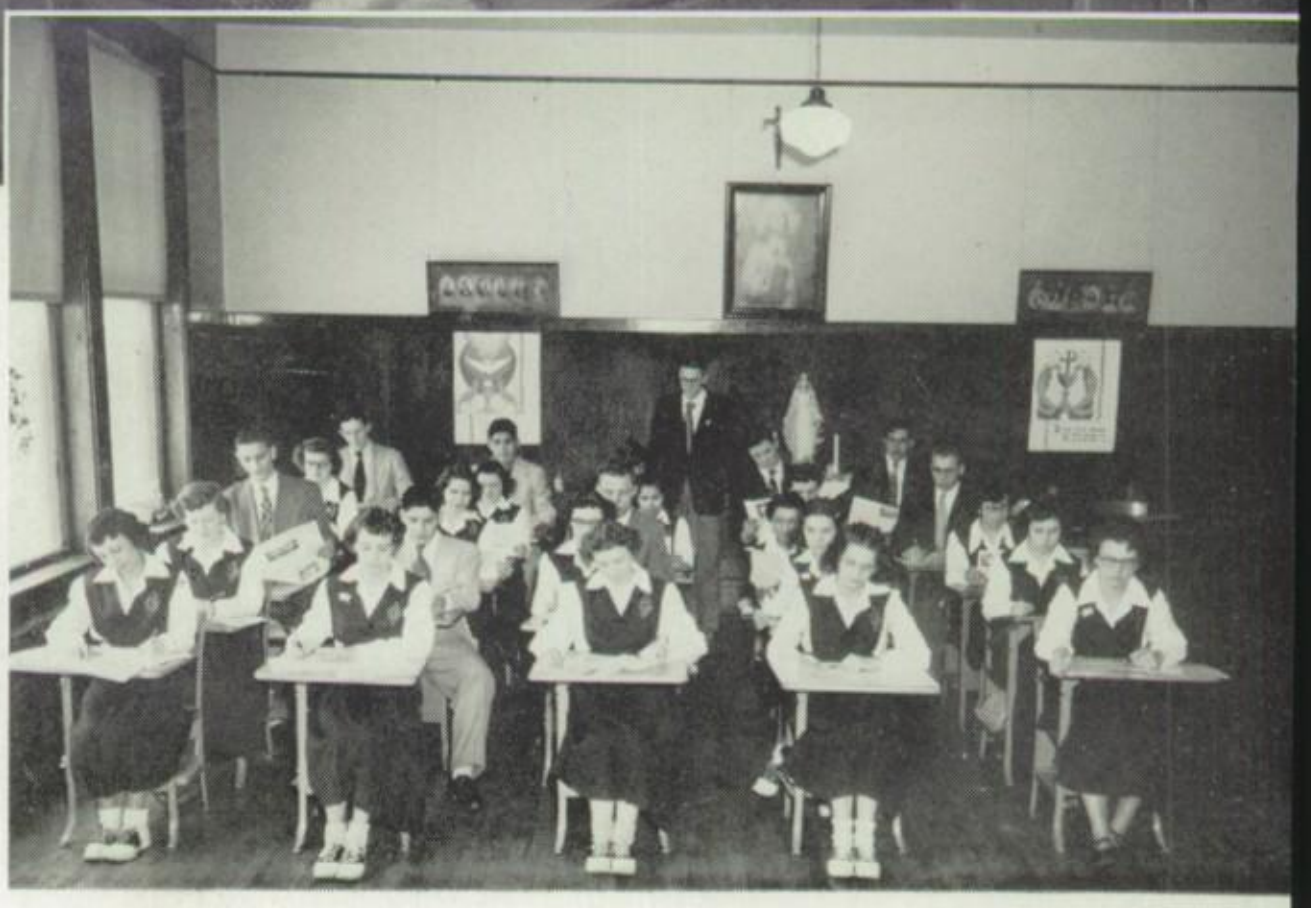
Typing I

The students learned the parts of the machine and the fundamentals of typing. Rhythmic movements developed coordination and speed. Various letter forms were learned.

Press Convention

This group of student journalists attended the Catholic Press Convention at Nazareth College. Interesting and informative lectures were delivered by prominent writers and journalists.

Left to Right, Top Row: Joan Poineau, Patricia Packard, Frank Vargas; Middle row: Mary Ellen Packard, Suzanne LeRoux, Bernadine Wizner, Front row: Jacqueline Sage, Rita Mrozinski.



Journalism Class

Under the supervision of Sister Mary Brendan the class studied the rules and principles of Journalism and tried to apply them in reporting school activities. There were many mistakes, but each issue showed improvement. Their highest hope was to carry out, even in a lowly way, the Catholic principles of Journalism enunciated by His Holiness, Pope Pius XI.

ACTIVITIES

All our learning did not come from books; we had many splendid opportunities to take part in extra-curricular activities. With this experience we will be better able to go out and cooperate with those around us.

The Gift of Knowledge which enables us to judge rightly what actions are in conformity with the Law of Faith, will assist us to relish only that type of activity which will benefit both soul and body. We will be closely associated with our fellow man— at work, at play. Through the influence of word and personal example we can attempt to bring the Knowledge of God to our associates and thus spread His Kingdom here on earth.

Kathleen Moriarty, Music Graduate

Eternal High Priest, Whose Presence is the Music of the Universe, we thank Thee for this singing world. We praise Thee for the laughter of the streams, the crash and splash of water falls, the organ music of the mighty breakers of the sea, the song of birds, the hum of bees, the mystic silent music of the spheres — for all the rhythm and melody of life —Anonymous.

GLEE CLUB

The members of the Glee Club sing to adore and praise God and to fill all hearts with joy and happiness.

MUSIC CONVENTION

These four students, left to right, Roccy Gianvecchio, bass, Aurelio Guzman, tenor, Delmar Dupuis, tenor, and Bernadine Wizner, soprano, were accepted to sing at the concert presented at the National Musical Convention for Catholic High Schools held in Cleveland. Meeting students from all States in the Union and visiting points of interest in Cleveland were thrilling experiences for the delegates.

RADIO PROGRAM

In the opening program of the series of seven broadcasts by the Catholic High Schools of Saginaw, the Seniors of St. Joseph presented a panel discussion on the topic, "Duties to God" as a subtopic of the general theme, "Duties of Christian Citizenship". Pictured above are those who took part; left to right, Frank Vargas, Suzanne LeRoux, Announcer Robert Midose, Elaine Nowaczyk, Rita Mrozinski, and Thomas Bennett.

HORIZON CLUB

Left to right: Mary Ellen Packard, Suzanne LeRoux, Barbara Maxwell, Ann Marie Neuerburg, Joan LaDrig (reading minutes), Mary Lou LaVigne, Sandra Cardinal, Josephine Verduzco, Ruth Vargas, Mary Jo Laundra, Kathleen Moriarty.

Student Council

The purpose of the Student Council is to assist the Faculty in maintaining order throughout the school. Student Councilors receive visitors, answer phone calls, take hall duty, and supervise class or study hall in the absence of a teacher. Such duties develop leadership, a sense of responsibility, and a spirit of cooperation between teachers and students.

Below: Student Council Officers, left to right: Bernadine Wizner, Vice-President; Paul Hagen, President; Joan Kostrzewa, Secretary.

Student Government Day

When the students of the Catholic High Schools of Saginaw took over the management of the city government for a day St. Joseph drew key offices. This was an excellent opportunity to see in actual process the functioning of our local government.

Student officers pictured are: left to right: Mayor, Paul Hagen; Personnel Officer, Kathleen Moriarty; Chief-of-Police, Jack Foley; City Manager, Frank Vargas; Councilman, Suzanne LeRoux; City Clerk, Robert Midose.

Credit Union

Under the direction of the Very Reverend Harold J. Bolton the students of St. Joseph School established a branch unit of the Parish Credit Union. The organization teaches the students thrift and the habit of regular saving and also gives training in directing and managing the business.

Board of Directors: left to right, Barbara Maxwell, Charles Laundra, Joan Poineau, James LaDrig, Mary Ellen Packard, Dennis Tafoya, Raymond Novak.

Committee Heads: left to right, Elaine Nowaczyk, Delmar Dupuis, Jacqueline Sage.

Members of C. O. B.: left to right, Roger Mikusek, Xavier Vargas, Raymond Tyburski, William Main, Ronald Ezop, Raymond Martinez.

The C. O. B. Club is a very necessary adjunct of the Library Club. The members keep the books in good repair.

Library Club

One of the most serviceable clubs in school is the Blessed Martin Library Club. This group under the direction of Sister Marie Albertus assist the students and faculty so as to make the library facilities give maximum service.

Officers of Library Club: left to right, Alva Ceja, Lorraine Soltysiak, Irene Davila, Camilla Konieczka.

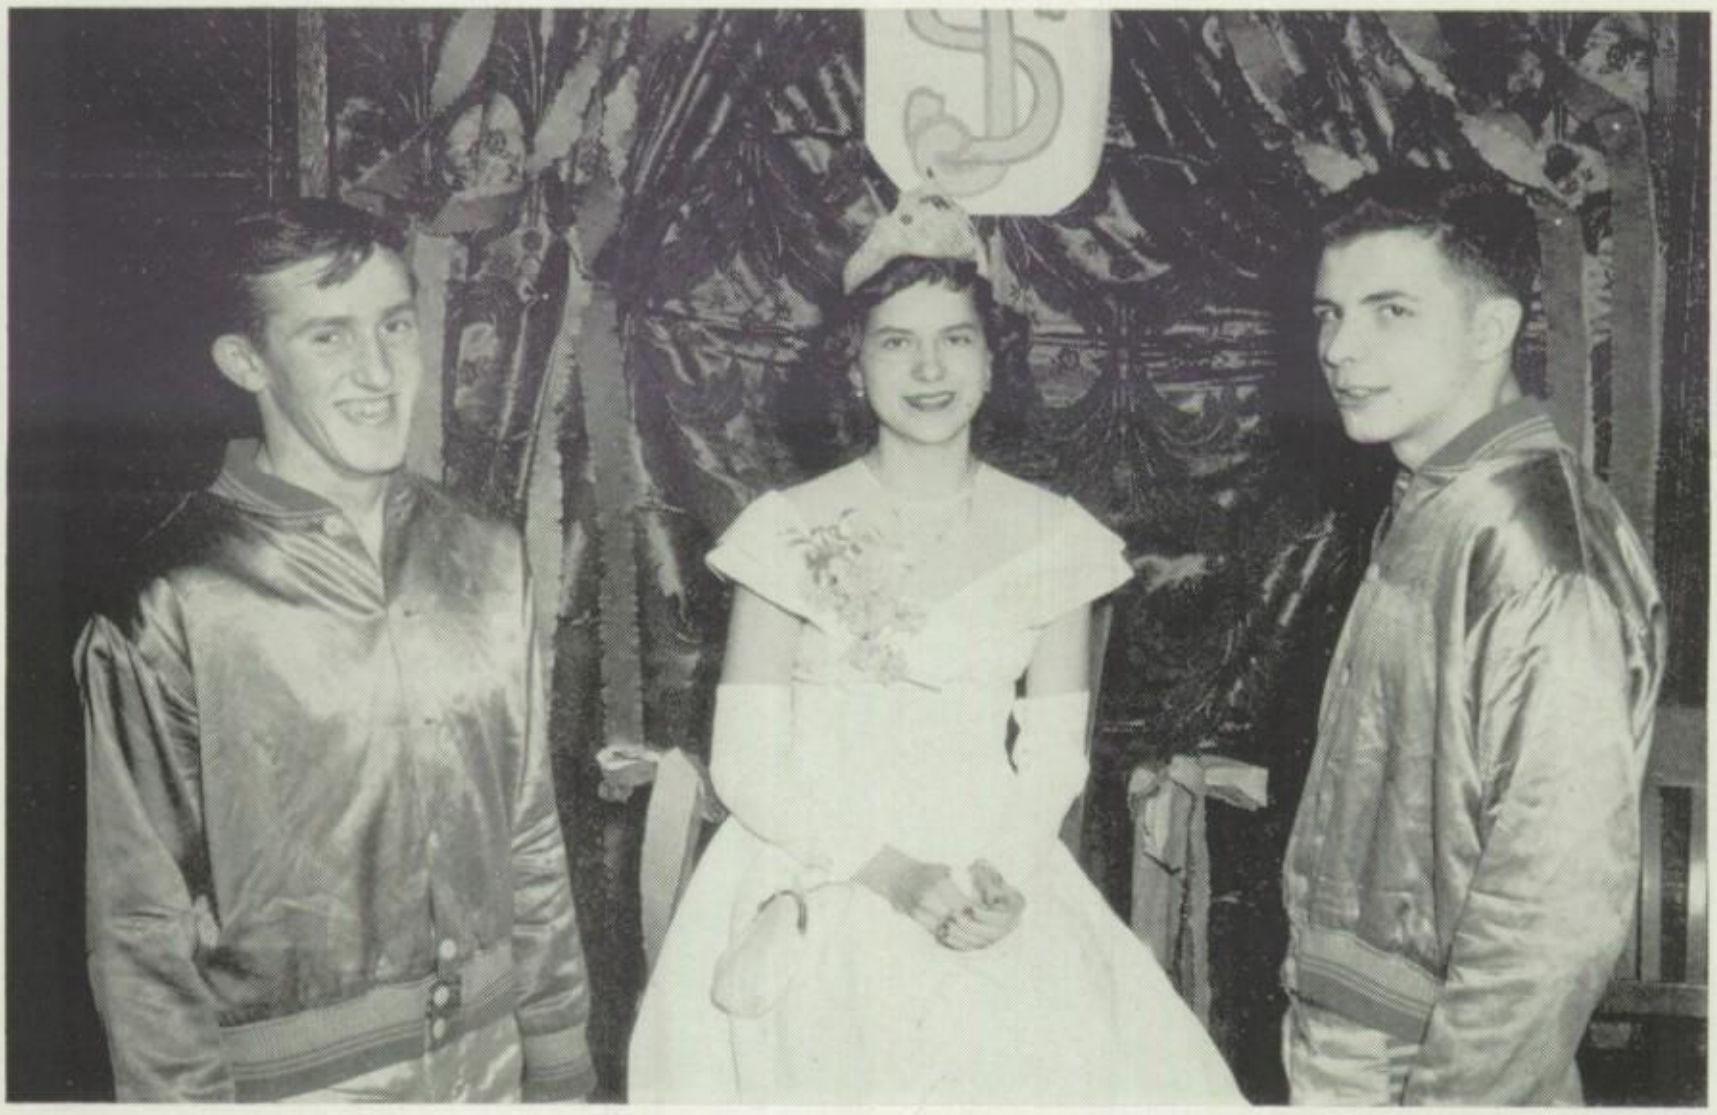
SOCIETY

An important phase of our Catholic training has been through our social functions. Just as we were taught to pray and to work *ad majorem Dei gloriam,* so we were instructed how to play so as to render Him due honor and glory. The Holy Spirit inspired us through the Gift of Piety to give to God the esteem and affection due Him as our Father. Even though the world with its daring fashions and loose morals might scoff and ridicule us, our dress and conduct must be such as becomes a child of God. Receiving His approval, we need not care what the world thinks. Pleasing Him will increase our joy and happiness and cause this recreation ever to remain a belssed memory.

BASKETBALL QUEEN AND HER COURT. Left to right, Eleanor Miklosovic, Mary Lou LaVigne, Queen Kathleen Moriarty, Joan Kostrzewa, Ann Marie Neuerburg, and Phyllis Meo.



HAIL, QUEEN KATHLEEN. Left to right, Captain Jack Foley, Queen Kathleen Moriarty, and Co-Captain Bob Midose.

SNO SHUFFLE

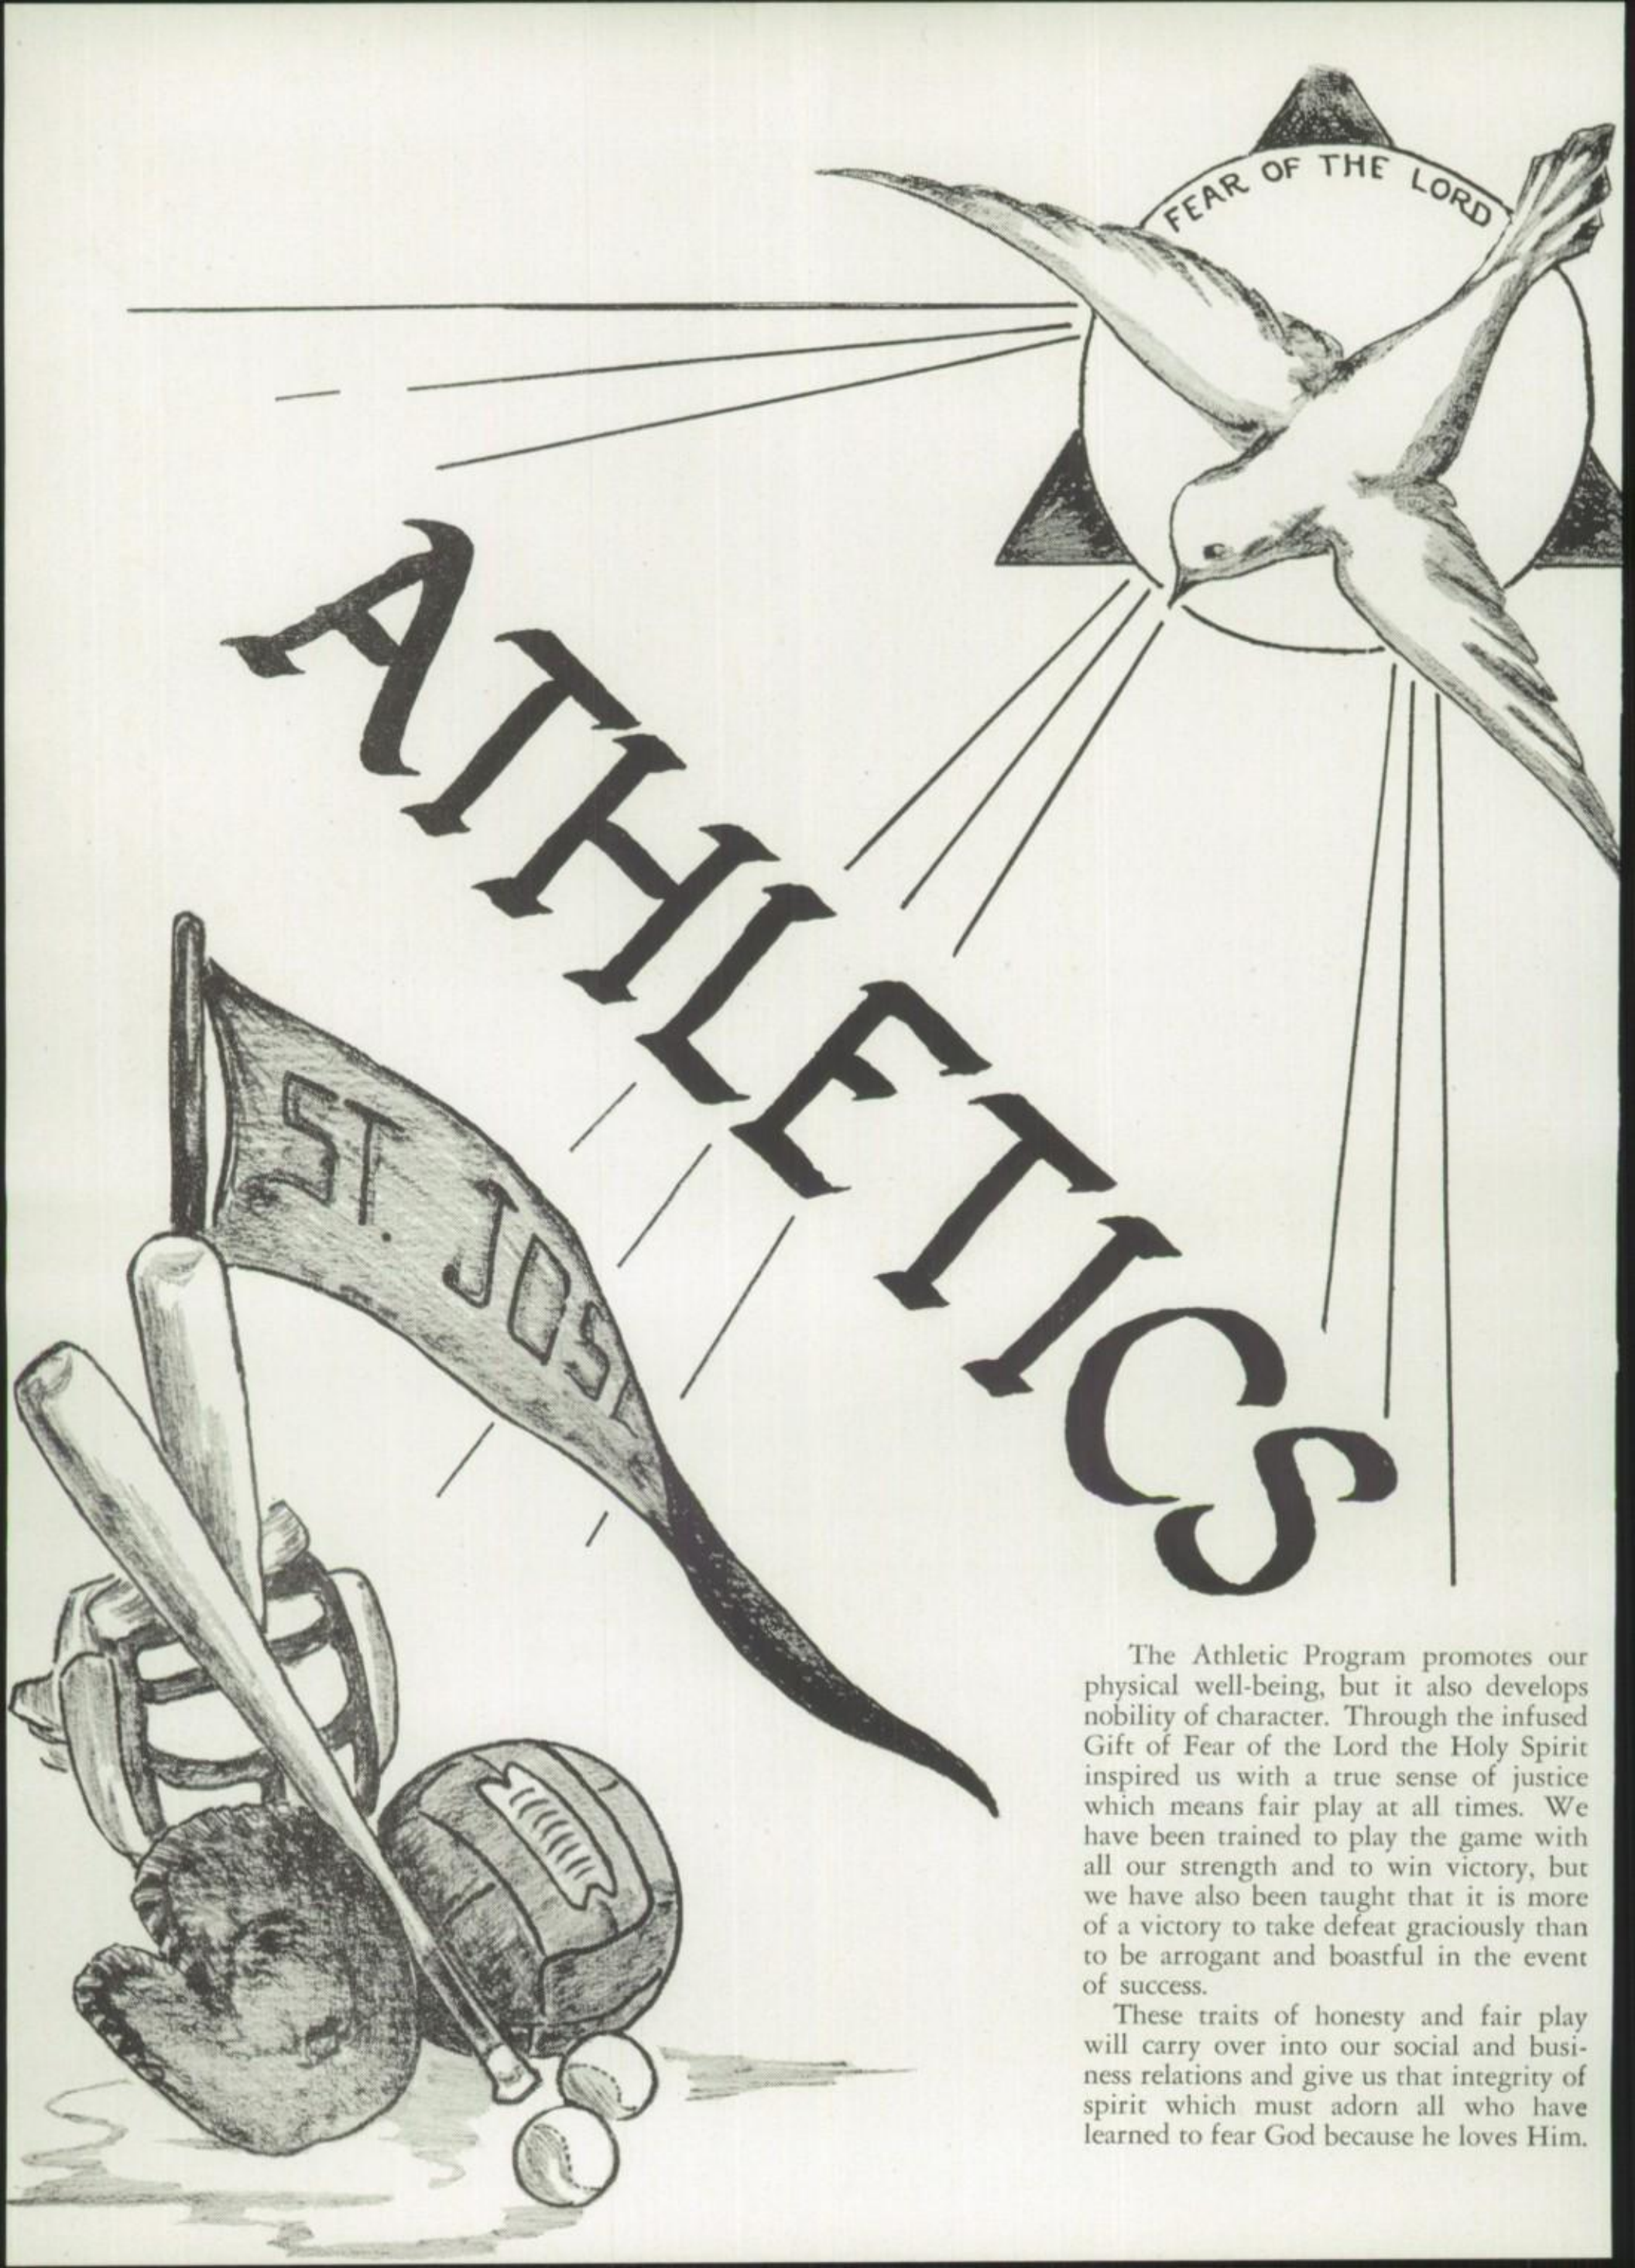
Couples enjoyed dancing to the music of Don Zolinski's orchestra.

Dancing before the beautiful styrafoam statue of the Blessed Virgin which was carved by Edward Barrera are: Helen Haley, Edward Barrera, Mary Ann Schultz and Larry Hammond.

JUNIOR SENIOR PROM

Junior-Senior Banquet

The social high-light of the year is the Junior-Senior Banquet and Prom. For weeks and months we anticipate it, dream about it, plan for it, and when it arrives, enjoy it to the full. It marks the beginning of the round of events which precede Graduation; a happy recollection, but one tinged with sadness by the thought of the partings soon to take place.



The Athletic Program promotes our physical well-being, but it also develops nobility of character. Through the infused Gift of Fear of the Lord the Holy Spirit inspired us with a true sense of justice which means fair play at all times. We have been trained to play the game with all our strength and to win victory, but we have also been taught that it is more of a victory to take defeat graciously than to be arrogant and boastful in the event of success.

These traits of honesty and fair play will carry over into our social and business relations and give us that integrity of spirit which must adorn all who have learned to fear God because he loves Him.

Varsity

Because of inexperience and lack of height the Buccaneers were only able to salvage five out of the eighteen games scheduled. However, the team exhibited perfect teamwork, clever ball handling and plenty of speed. We are proud of them, for their fighting spirit is a credit to any team.

Varsity, left to right, Dennis Tafoya, Tony Martinez, Larry Hammond, Jack Eastman, Bob Midose, Coach "Doc" Hatch, Athletic Director Father Joseph Roach, Jack Foley, Tom Bennett, Jim LaDrig, LeRoy LaCasse, Roccy Gianvecchio

Cheerleaders

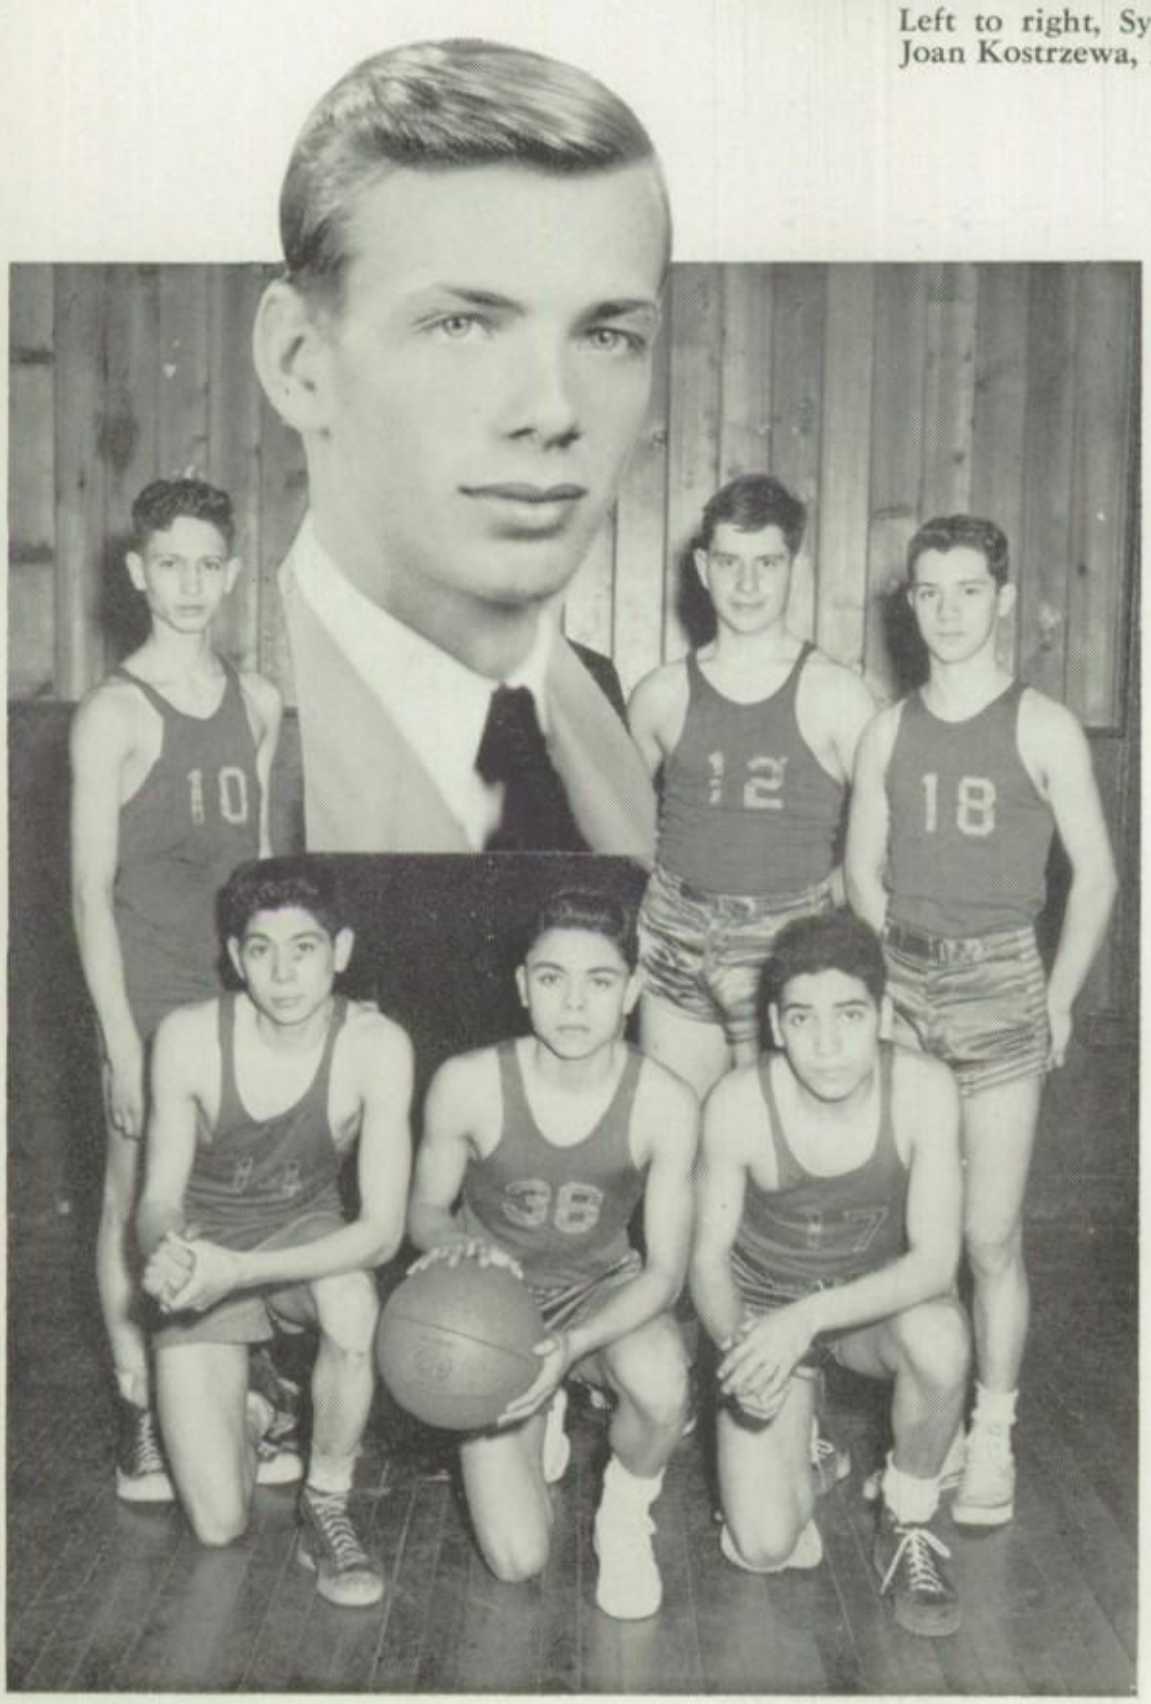
These faithful girls, never too tired nor too busy to attend the games, deserve much credit for preserving the fighting spirit of the team. It was they who led the pep meetings which brought the students to the games; their enthusiasm roused the lagging spirits of the boys when the going was tough and put fight into them. And through it all they retained that modesty and refinement which characterize true worth.

Cheerleaders, left to right, front row, Arlene Kujawa, Jacqueline Sage, Mary Ann Schultz; back row, Eleanor Miklosovic, Patricia Packard, Lorraine Bawolski.

J V Cheerleaders

Measuring by enthusiasm these girls will surely make the Varsity group next year. Fidelity to practice, pep and fighting spirit in the cheers, and the determination to help the team are the characteristics of true cheerleaders and should bring victory to any team.

Left to right, Sylvia Tafoya, Minnie Olgine, Mary Jo Laundra, Joan Kostrzewa, Margaret Smith, Theresa Bawolski.



Junior Varsity

The Little Bucs chalked up a better scoring average than their bigger brothers. What they lacked in height they made up in speed and clever ball handling.

Taking turns at holding high score were Danny Alvarado, Carl Munoz and Bob Loviska. "Doc' Hatch is counting on them for next years Varsity.

Left to right, standing: James Vasicek, Jerry Fleminger, Edward Barrera; kneeling, Danny Alvarado, James Vargas, Charles Garcia; inset, Coach Bob Parsons.

BEFORE WE PART

We, the Seniors of St. Joseph, have written the last chapter of our school days. All of our books have been closed except the one we will always treasure most, *The Magnet*. For our Underclassmen it may have been a series of ordinary events. But for all of us, pleasant memories remain of a successful school year just completed.

After a little while this book will be tucked neatly away among cherished possessions or perhaps placed in some forgotten corner of a bookshelf. Then in years to come we will again open the book, yellow with age. We will relive our days at St. Joseph School. In memory we will again enjoy the good times we had at the Prom . . . . at "The Place" . . . . at the Games . . . . ; we will relive the days of the Retreat . . . . of practice for the plays . . . . of meeting deadlines for the paper . . . . of composing this Annual. How grateful we will be that we put forth the necessary effort, for these happy hours will be ample reward.

Then, as now, we will be grateful to Monsignor Bolton for granting his permission to produce the Yearbook; to Sister Mary DeLellis who took care of all the bills; to Sister Mary Brendan who supervised our work; to Sister Mary Lois who helped with the art; to Mr. Bosch who so graciously photographed the various scenes of our school life; to the advertisers, patrons and subscribers who made this book possible; and finally to the students, especially the members of the Journalism Class, who gave unselfishly of their time and energy. To these and all who contributed in any way in the achievement of the greatest project of the year, the publication of THE MAGNET, we will say . . . again . . . . "Thanks".
